Memorable Affairs provided catering and some coordination services for our July wedding. We were so pleased with everything they provided. They created a custom menu for us and talked frequently before the wedding to arrange all the details. The food was so delicious and beautifully presented. Guests came up to us throughout the reception to compliment us on the food. Our banquet manager, Cathy, made sure every detail was as we wanted it and the captain, Fran, kept everything moving smoothly and made sure our needs were met. We also spoke with the owner and the chef during the course of planning and everyone was helpful, professional, creative, and a joy to work with. I can't speak highly enough of the entire team and the beautiful work that they do.
